

## Celebrate Easter with Twinkl's Virtual Egg Hunt

*This Easter, Twinkl will be giving back to educators with a virtual resource-based Easter Egg Hunt.*

Twinkl Treats Easter Campaign is back and is set to be yet another great success. Last year, the Campaign saw over 20,000 members enter Twinkl's virtual egg hunt, and this year will be even bigger and better than before.

From Friday 17th March, until Sunday 16th April, Twinkl users will be able to hunt for prizes across Twinkl's [website](#). Hidden amongst the resources will be secret messages and links to take members to the giveaway page, where they will have the chance to win big prizes, including 200 glue sticks, and an annual Twinkl subscription.

The Twinkl Easter giveaway links will be embedded within numerous resources to provide all members the opportunity to win a prize, from free resources to unlimited memberships, everyone can participate.

Each year, the Twinkl Easter Egg Hunt allows educators to engage in fun activities, with the additional boost of being in with a chance for some fantastic prizes. Given the current issues facing the education community, the Twinkl Treats campaign will allow Twinkl to give a little back to the education community, whilst showing their appreciation to those who teach.

For anyone wishing to participate in the Twinkl Easter Egg hunt, they can do so by logging on to [Twinkl](#) throughout March and April, by downloading resources and hunting for hidden treat links, they will automatically be in for a chance at winning one of our various prizes.

Happy Easter everyone!
