

Twinkl's DfE approved Phonics Scheme most cost effective training programme

Twinkl Phonics programme received its DfE approval on 17th December 2021, and since its validation has proved to be one of the most popular schemes for schools teaching the English curriculum. To ensure customers are getting the best from each resource, Twinkl has provided the most cost effective Phonics training option in the UK.

The systematic whole-school phonics programme is leading as one of the most in-demand programmes on the market; offering educators the resources and guidance they need to set children up with core skills, whilst satisfying Ofsted inspections.

Twinkl Phonics representative, Becki Porter, says "We created Twinkl Phonics to provide a ready-to-teach, highly engaging and effective phonics programme that meets the needs of all learners."

One user, Hayley Hockley, a Reception Class Teacher said: "We began using Twinkl Phonics this year and our children are loving it! I have already noticed a difference in their pace of learning sounds and a big improvement in their reading and writing skills too."

Twinkl members with an ultimate subscription can gain access to the entirety of the company's proven phonics programme, along with the site's teacher-made bank of over 800,000 resources across 16 specialisms. Twinkl also offers virtual and in-school training in the delivery of the Phonics Programme.

Home Educator, Jade Staff said: "We love Twinkl Phonics because it's full of hands-on, fun activities that let my children grasp the concepts and keeps them wanting to learn more."

Since its launch in 2018, Twinkl Phonics has supported numerous educators in their classroom development. It has given educators the ability to access a wide variety of resources from their fingertips, leading to improved assessment scores, as well as impacting the reading and writing attainment in schools. Sheila Handy, Early Years Co-ordinator said: "Twinkl Phonics has led to a dramatic improvement in our assessments. We have increased our average point score by 31% this year!"

Twinkl Phonics has proven to be the company's most popular product year after year, and continues to set children up with skills for life. For more information on our phonics resources and training, visit Twinkl Phonics [here](#).
