

# Twinkl Book Club and Twinkl Originals

---

Twinkl Educational Publishing has launched a new range of original books, created by teachers for other educators and parents to nurture a joy of reading in children.

Twinkl Educational Publishing is delighted to announce that it has created a new range of original books (Twinkl Book Club) available in physical format. Twinkl aims to send the first of the range 'Ronald the Rhino' to every primary school in the UK totally free of charge, and will encourage teachers to use additional downloadable content to enhance learning opportunities, available from [Twinkl Originals](#).

Twinkl aims to produce further books during the academic year. This is the first time it has created physical products - Twinkl is best known for being the UK's largest provider of high quality digital teaching materials. Schools and individuals can sign up to Twinkl Book Club as an add on to their existing subscriptions to enable them to receive additional books throughout the year.

Additionally, Twinkl has produced thousands of digitally available resources - Twinkl Originals - to be used alongside the books to support learning, all aligned with the National Curriculum.

Twinkl's Special Projects Manager Mark Wilson said: "At Twinkl we're always working hard to introduce new and innovative products to the teaching community to enhance the education of the children in their care. We believe that our beautifully illustrated and printed rhyming books will really capture children's imagination and together with our accompanying teaching materials, will provide excellent opportunities for learning and furthering children's love of books and reading."

Please note that Twinkl Book Club will not be available outside of the UK
