

# Twinkl Educational Publishing Launches English Resources for KS3/4

---

Twinkl Educational Publishing are delighted to announce the launch of their English resources for secondary teachers. Twinkl Secondary will cover Key Stages Three and Four with its high-quality lesson presentations, lesson plans and differentiated activities all matched to the National Curriculum aims and programmes of study for different examination boards. Twinkl Secondary is packed with resources such as lesson packs, challenge cards, adult guidance, assessment materials and revision activities, along with an extensive range of beautifully illustrated display resources.

Qualified teachers create the content for resources, which then goes through a professional design process. Twinkl designers have illustrated and created the finished products. Twinkl Secondary is available now and teachers are able to subscribe as individuals or through a school subscription for multiple users. Secondary teachers are not only able to download their subject specific material but also have access to a huge array of pastoral, well-being and form time resources. Twinkl Secondary is supported by a number of groups for subjects and different areas of school life across social media. They regularly host live streams as part of their quest for free CPD for teachers in their own homes.

New resources are uploaded on-site each day and a 'Daily Debate' question, suitable for PSHE or any pastoral session is available each day, along with accompanying resources. Twinkl Create enables users to craft their own resources, using Twinkl illustrations for a professional finish. Twinkl Secondary is also open to taking resource requests from their users and produces resources to accompany any arising political, sporting and literary event.
