

## Twinkl Green

---

We've done it! We're now even more lovely. Introducing Twinkl Green - our new, eco initiative to help save ink, money... and the environment too!

Here at Twinkl, we're all about supporting the teaching community. We understand that printing can be an expensive business and we want to help. [Twinkl Green](#) combines top tips with brand new products to reduce ink usage! Great news, right? So, where do you start? Take a look at our new \*drumroll please\* Super Eco alt! Our Super Eco alt is our most economical alt yet and the best bit is we haven't compromised on quality. You could save up to 46% more ink with our Super Eco Colour alt and a whopping 73% more ink with our Super Eco Black and White alt!

You're probably thinking, 'Perfect! ...but how do I get my hands on it?' Well, you may have noticed our new leaf icons popping up all over the website. Wherever you see the leaf it means we've applied our green fingers to help you save on ink. We've done all the hard work for you so all you need to do is get downloading!

And that's not all. We've put together a guide containing helpful advice and new ideas, from printing double sided to paperless technology, so that it's super easy to make your teaching practises a little more eco-friendly. [Find out more about Twinkl Green here](#), or read the [Twinkl Green User Guide](#).
